

Where is the digital camera? Who has been using the company car? When was the technician in the building? proxSafe is the intelligent management system for keys and valuables which provides answers to your daily 'key questions'. Contactless RFID keytag technology provides reassuring reliability. The proxSafe family is modular, expandable and network ready.

## pillar S14/11JT

proxSafe pillar SJT has been specially developed for use in prisons and forensic science and is a safekeeping system for automatic issue and return of valuables, documents or bunches of keys in a single access. The column S14/11JT consists of 10 access controlled compartments plus a service compartment for installation and emergency release. pillar SJT systems are optimized for daily use. The design is smart and elegant, so the system can be installed in any architectural environment. Every column has adjustable feet to allow optimal installation.

All proxSafe pillar systems are operated with a proxSafe terminal. The SJT series has a fixture build in that is specially designed to incorporate the user terminal.

After a user has been identified and has selected a compartment, the corresponding door will be unlocked. This is indicated by an LED. Also upon return of the contents the compartment is marked with an LED in order to guide the user to the right position.

proxSafe pillar SJT is equipped with automatic content monitoring. There is a proxCylinder in every compartment which identifies the key bundle certainly and reliably.

The built-in feature of fail-safe opening protects your valuables from unauthorized access. Power failures are covered by a built-in backup-battery. The housing is equipped with tamper contacts and 4 relays which can indicate various alarms via the network and locally.

### Your benefits at a glance:

- **RFID-Based Technology**
- **Fail-Safe Opening**
- **Box Identification with proxCylinder**
- **Secured Service Compartment**
- **Mechanical Emergency Opening Feature**
- **2 Different Compartment Sizes**
- **Compatible to All proxSafe Components**
- **2 Different Base Heights**

### Technical Data

#### Outer Dimensions:

mm (inch) W x H x D 250 x 1920 x 300 (9.8 x 75.6 x 11.8)

#### Option AKB:

mm (inch) W x H x D 250 x 1990 x 300 (9.8 x 78.3 x 11.8)

#### Inner Dimensions:

mm (inch) W x H x D 165 x 95 x 295 (6.5 x 3.7 x 11.6)

9 compartments

165 x 142 x 295 (6.5 x 5.6 x 11.6)

2 compartments

#### Service Compartment:

mm (inch) 165 x 133 x 295 (6.5 x 5.2 x 11.6)

#### Material:

frame 2 mm (0.08 inch)

doors 2 mm (0.08 inch)

sheet steel St. 12.03

#### Weight:

kg (lbs) 76 (168)

#### Colour:

powder coated, frame DB 502

doors similar RAL 9006

**Power Requirement:** 90-250 VDC
